4 / 24

A cross-sectional diagram of a composite structure. It features two vertical columns of woven fabric, labeled 224 at the top and 246 at the bottom. These columns are positioned around a central core. The core consists of two parts: 212F at the top and 212A at the bottom. A layer of material, labeled 214, is shown at the very top. The entire assembly is depicted with various cross-hatching patterns to distinguish between different materials and layers.
